

## N95 mask type “Breath Right” with headband

Duckbill style foldable design and easy to store. Sealed edge avoids fluffy open layers and eliminates irritation. Polypropylene outer / inner layers guarantee smooth lining and comfort (6ply: Polypropylene, cellulose and meltblown). Soft edges suit different face shapes with minimal leakage. The latex-free continuous loop design allows the mask to be hung around the neck when not in use. This mask is best suited for medical professionals.

<b>Certification</b>	Bacterial filtration efficiency test conducted and approved by Bureau Veritas, Sri Lanka. ISO9001:2015 and ISO14001:2015 certification for production process delivered by Intercert. CE certification by QSA International, United Kingdom. Evidence of testing and certification can be provided.
<b>Packaging</b>	Cardboard box with 20 Individually hygienically packed masks. 20 cardboard boxes are packed in 1 large box with dimensions: L=50cm, W=44cm, H=44cm, or 400 masks. Depending on the total order.
<b>Manufacturer</b>	Kayak Surgi Pharma (PVT) LTD represented Detour Experience (PVT) LTD
<b>Country of origin</b>	Sri Lanka
<b>Minimum order</b>	No minimum.
<b>Delivery time</b>	1 month production (less in case of small quantities) + transport.
<b>Price</b>	<b>0.61 EUR/mask FOB.</b> A sample mask can be sent free of charge for checking. Price for transport will be communicated when ordering depending on the quantity and method (air or sea freight).
<b>Payment terms</b>	50% advance and 50% when the goods are ready for shipment, by bank transfer.
